

Rest Assured

with Kooi Camera Surveillance

Why choose Kooi as your camera security needs

At Kooi, we are more than just a security provider—we are your trusted partner in safety and peace of mind. As a leading European expert in temporary, mobile, and innovative security solutions, we operate in over 25 countries, with 300+ dedicated specialists across the Netherlands, Belgium, Germany, France, Spain, Italy, Denmark, and Sweden.

Undisturbed peace of mind thanks to Kooi

We believe security should be effortless. That's why we provide temporary, mobile camera surveillance with high-quality equipment and no hidden costs. Our operators respond to alarms in just 9 seconds, deterring 99% of intruders before they can cause damage. In addition, every customer benefits from a dedicated project manager for seamless support.

Security solutions for every sector

Our advanced mobile camera unit, the Unit For Observation (UFO), provides proactive surveillance by detecting suspicious activity early, ensuring the security of your construction site or premises. Additionally, our Rising Early Detection (RED) system specializes in heat detection to prevent fires in the recycling industry before they can develop.

A few advantages of Kooi Camera Surveillance at a glance

At Kooi, we prioritise sustainability and innovation. We are VTC-certified according to the European standard EN50518 and leverage Smart Technology to deliver top-tier security solutions.

✓ **Fast security**

Our security solutions are deployed quickly to ensure your site is protected as soon as possible, minimizing risks and downtime.

✓ **All-inclusive price**

Our pricing covers surveillance, support, and emergency response, so you get a hassle-free experience with no hidden costs.

✓ **24/7 Kooi Alarm Center**

Our dedicated alarm center monitors both UFO and RED systems. In the event of an incident, you will receive a detailed report the next day.

✓ **Live view**

Watch live footage of your project 24/7 and easily adjust security schedules through our user-friendly Kooi App or online portal.

✓ **Premium quality & sustainability**

Our UFO and power supplies are self-sustaining, fully certified, and designed to meet the highest safety and quality standards.

✓ **Industry-leading response time**

Our operators respond to alarm notifications in an average of 9 seconds, ensuring fast action when it matters most.

✓ **Immediate deterrence with siren and speakers**

The UFO features a built-in siren and loudspeaker for real-time warnings – leading 99% of intruders to flee instantly.

Facts & Figures

Our strength lies in the complete security solution and removing concerns. Always with a focus on the optimal collaboration between people and technology.

Secured locations

with temporary camera surveillance

Camera security for every terrain

Our advanced mobile camera units detect suspicious activity early to keep your construction site or premises secure.

UFO GO

A camera unit for driveways, access roads, and compact areas.

UFO PRIME

A camera unit for securing construction sites and storage.

UFO MEDIUM

A camera unit for monitoring large and complex areas.

UFO PRO

A camera unit for securing large areas with a fixed power supply.

UFO TITAN

Sustainable and self-sufficient camera unit for remote locations.

Sustainable energy solutions

For locations without a stable power supply or in remote areas, Kooi provides environmentally friendly surveillance solutions.

HYBRID POWER BOX

A smart, eco-friendly solution with advanced technology.

SOLAR POWER UNIT

100% sustainable on sunny days, powered by solar panels.

POWER BOX

Reduces CO₂ emissions with HVO100 fuel, activating only when needed.

"I like the power system that's quite optimized after you fill it with HVO100 fuel. The battery lasts a long time so we don't need to worry about that."

Nuno Lima
(CJR Renewables)

Advantages of the 247Kooi App

The 247Kooi app gives you direct access to live camera footage, customizable security schedules, and real-time incident alerts. Stay in control of your security – anytime, anywhere.

Live camera access

Monitor activities in real-time with direct access to live footage.

Customizable security schedules

Easily adjust security settings to fit your operational needs.

Instant incident updates

Receive immediate notifications and detailed reports on security events.

Comprehensive site overview

Keep track of all secured locations in one clear, user-friendly dashboard.

The image features a large, multi-story building under construction, completely encased in a dense network of metal scaffolding. The building is partially covered with blue safety netting. In the foreground on the left, the dark, silhouetted branches of trees are visible. The sky is a clear, deep blue. Overlaid on the center of the image is the Kooi logo, which consists of a stylized white icon followed by the word 'kooi' in a bold, italicized, lowercase sans-serif font. Two thin, curved red lines sweep across the image, one from the top left towards the bottom right, and another from the top right towards the bottom left, framing the central logo and building.
